DIEHARDS CLUB NOTES

The Diehards A Grade was out enthused by the Warwick Cowboys last Saturday night in their clash in Warwick. The conditions were extremely cold and the boys just didn't get into the match until it was too late in the second half. The Cowboys lead 34-6 at halftime and although the Diehards easily won the second half the final score was still a convincing win to Warwick 22-44. Jamie Wann and David Tate never gave up with Clayton Coleman being judged their best on the night. The loss means that the Diehards have to win all their remaining matches to make the final five. These matches are against Newton, Wattles and Souths so the boys will need to lift to make it interesting.

The Reserve Grade team had a few things go against them on the night however coach Scott Hall squarely blamed their own silly errors for their narrow loss by two points. The boys threw two intercepts that led to 80 metre tries so instead of scoring ourselves the opposition were able to keep in the game. Throw in three disallowed tries and the side's few mistakes shows that maybe it was not meant to be their night. James Anderson and Broc Turner impressed the coach, as too did Chris Land. This side can go all the way however the "flag has dropped and the you know what has stopped".

U18's as usual tried their hearts out and just lacked a final play to get the ball over the try line. The Warwick side is extremely big and on observation should make easy account of our smaller players however the score line showed that our boys made the contest extremely close. We came close to scoring on a number of occasions but just fell short of what was required. Coach Scott Hart was proud of the boy's effort and thought Jamie Siegmeyer and Danny Wassell were his best. He is very positive about his teams chances of figuring the finals this season.

The Dalby Diehards host the Newton Lions in Dalby this Sunday commencing at 11.30am. The Diehards are conducting a "Call to Arms' Mens Cancer" appeal on Sunday and are looking to raise people's awareness of the disease and also help raise some much needed funds for it's research.
